

HOLLYWOOD ROCK

Lyrics by Wolfgang Steinwider in 2019.

Hello tonight
In the bright light
on the streets of Hollywood
Feel the fire in our eyes
In the beauty of disguise,
we`ll make you feel so good.

Hollywood Rock
singing in the moonlight
All around the clock
in every single site
We`ve got love
We`ve got love
We are singing the Hollywood Rock!

My friends, here in L.A.
I really need to say,
you are family for me.
We are singing full of soul
to the beat of Rock`n Roll,
and live my phantasy.

Hollywood Rock
singing in the moonlight
All around the clock
in every single site
We`ve got love
We`ve got love

We are singing the Hollywood Rock!

Hollywood Rock

singing in the moonlight

All around the clock

in every single site

We`ve got love

We`ve got love

We are singing the Hollywood Rock!

All the time!
